Smoke Test

in list [Assessment 6 Testing](#)

Description

[Edit](#)

Smoke/high level test to verify that the user can navigate around the site.

Steps

1. Navigate to [Duel Duo](#)
2. Click through buttons. Click on See All Bots, Draw, Add to Duo (x2), and DUEL!

Post Conditions

1. Home page is going to load with the website with instructions, 2 buttons and a section for Wins and Losses.
2. See All Bots is clickable and will populate robots
3. Click on Draw and populate random robots
4. Add to Duo should add robot to Your Duo
5. Remove from Duo should Remove the robot from the Duo
6. DUEL! should duel the robots and see if you win or lose
7. If you win the Wins should be increased by 1
8. If you lose then Losses should be increased by 1
9. Click Play again bring you back to the original page but with Wins and Losses still counting, and clicking Draw again lets you play again.

Bug Report: Wins v. Losses

in list [Bug Reports](#)

Description Edit

Description: When playing the game multiple times, all outcomes are recorded as a loss even if the user wins.

Steps to reproduce:

1. Navigate to [Duel Duo](#)
2. Click Draw button
3. Choose Two Robots with Add to Duo button
4. Click Duel button
5. Observe result of either "You won!" or "You lost"

Expected Result:

If the user wins they should see a "You won!" message and see Wins be added by 1. If the user loses they should see a "You lost!" message and see that the Losses has been added by one.

Actual Result:

No matter if the user wins or loses only the Losses count goes up. Wins always remains at 0.

Environment:

OS Monterey 12.4
Chrome v105
